

Enhancements to your bill.

## Your Bell Mobility bill – now easier to read.

We are pleased to introduce the following improvements. For further details visit [bell.ca/wirelessbill](http://bell.ca/wirelessbill).

1. Your **Client ID number**, which will help you make payments online or through telephone banking, is now conveniently located at the top of every page.
2. A new callout box will appear on page 1, highlighting any changes you've made to your features and services, such as prorated/partial charges. The details of these changes can be found under the **Other charges and credits** section of your bill.
3. On page 1, you'll find easy ways to manage your account with self serve. For example, visit [bell.ca/mybell](http://bell.ca/mybell) or dial \*611 free from your mobile phone. Refer to the back page of your bill for a complete list of our self serve options.
4. To make it easier to understand your usage charges, the **Usage** section now divides airtime, long distance, roaming, data and events, such as "text messages sent and received," downloads and other services, into their own separate sections.
5. A list of convenient payment methods and timelines can be easily found on the back of the first page of your bill.
6. The **Monthly charges** section has been improved to break out the details of your monthly rate plan, features and associated charges.
7. The **For your information** section is now simplified so you can view your Usage (excluding roaming for the month), Events (text messages) and Packet Plan (data) Usage – which is the volume of data used for the month.

Cut clutter, not trees. Choose our environmentally-friendly paperless bill and sign up for e-bill today. View the exact copy of your paper bill online, with up to 12 months of bill history and free detailed billing. Take advantage of our wide selection of online options and register today at [bell.ca/mybell](http://bell.ca/mybell).

Thanks for your continued business.
